9:00 – 10:15	Keynote 2 & 3						
10:15 – 10:45	Coffee break						
10:45 – 11:45	Lecture 3	WS 3.1	WS 3.2	WS 3.3	WS 3.4	OP 3	WS 3.5
12:00 – 13:00	Lecture 4	WS 4.1	OP 4.1	WS 4.2	WS 4.3	OP 4.2	WS 4.4
13:00 – 14:00	Lunch						
14:00 – 15:00	Panel discussion						
15:15 – 16:15	Lecture 5.1 & 5.2	WS 5.1	WS 5.2	WS 5.3	WS 5.4	OP 5	WS 5.5
16:15 – 16:45	Coffee break						
16:45 – 17:45	Closing ceremony & Keynote 4						
19:00 – 22:00	Dinner party (Olde Hansa)						

Online programme: eyfdmforum2026.eu/schedule

Programme

Lectures & Keynotes

- Keynote 1** Opening ceremony & Keynote 1: Beyond the Captain: Why Primary Care Needs a Whole Crew to Navigate Complexity — *prof Ruth Kalda*
- L 1.1** Tackling health inequalities in family medicine: an overview of the evidence — *Charlotte Morris*
- L 1.2** European Young Family Doctors Movement Exchange Programs — *Yanica Vella, Raisa Alvarez Paniagua*
- L 2** Health as National Defense: The Vital Role of Family Doctors — *Liucija Lekienė, Beatričė Vėliuvienė, Katrīna Priede, Jürgen Merilind*
- Keynote 2** The role of primary health research in family practice — why every patient encounter can be a source of scientific data — *prof Thomas Frese*
- Keynote 3** Charting the Genetic Seas: How Genomics Transforms Patient Care — *prof Lili Milani*
- L 3** When the doctor becomes the patient: Rethinking chronic disease burden — *Kati Koost, Ikbal Humay Arman, Elina Treija*
- L 4** Genetic testing in primary care: Think Genetics! A guide to the use of genetic testing in primary care, through practical cases and examples from around the world — *Dr D. phil. Michael Morris, Group Head of Genetics, SYNLAB sponsored lecture*
- Panel discussion** With or Without the Patient? The Evolving Role of Family Physicians in the Digital Era — *Anna Stavdal, Daria Gheorghe, Gerhard Grents. Moderator: Lona-Liisa Pruks*
- L 5.1** How people lie with statistics: a guide for family medicine doctors — *Charlotte Morris*
- L 5.2** Fishing for the gaps and opportunities in family medicine literature: Worldwide perspective — *Ikbal Humay Arman, Paula Sala Ivars, Gulsah Onur, Ernest Ekezie, Seyma Handan Akyon, Manar Alghamdi, Yusuf Arman*
- Keynote 4** Closing ceremony & Keynote 4: Surfing in the storm of change — *dr Alex Harding*

Workshops

- WS 1.1** Refugee movements, measles resurgence and immunization strategies in family practice — *Bilik Sezer, Arman, Alekseichenko, Catalina Andreea, Dikmen, Guledani, Büyükdag Nam, Agirbas, Meira Silva Magalhaes*
- WS 1.2** Tic-Toc on the clock: a medical escape room for primary care emergencies — *Nicolaita Colacel, Pires Baltazar, Ouahhoudi Ajouini, Fomin, Aliahmad, Tincu-Modran, John-Charles Robertson, Bakker, Popescu, Vella*
- WS 1.3** Certific *sponsored workshop*: Using LLM in practise - Certific example. Gosta Labs *sponsored workshop*: The AI-Augmented GP: Understanding Ambient Intelligence
- WS 1.4** Beyond the label: the hidden world of endocrine disruptors in everyday products and their effects on personal and public health — *Alonso Valencia, Sala Ivars, Álvarez Paniagua, Ruferová, Cordovil, Jotic Ivanovic, Gokdemir, De Ataíde Santana, Cordova Ríos*
- WS 1.5** Fishing in the sea of medical records: a structured pain consultation — *Freinberger, Popescu, Gramada, Ruferova, Reczek, Platania, Reczek, Alekseichenko, John-Charles Robertson, Mamó*
- WS 2.1** The Estonian Society of Family Doctors *sponsored workshop*: Difficult patients in family medicine - secrets and tips how to survive — *Sadrak, Ingerainen, Jorro, Špol*
- WS 2.2** From Rhythm to Remedy: A Gamified Clinical Workshop — *Alekseichenko, Cordova Irueta, Morris, Vella, Majkut, Quesada Morón, Kupriianova, Tkachenko*

Workshops

- WS 2.3** "Ask the audience" lifeline: interactive simulations of acute scenarios in family medicine — *Baltazar, Nicolaita, Fornin, Pereira, Popescu, Aliahmad, Clemente, Yousif, Rech, Vella*
- WS 2.4** When the party ends: supporting patients through club drug abuse — *Moura Cardoso, Carvalho, Magalhães, Rusashvili, Nur Ağırbaş*
- WS 2.5** Dermatoscopy in family medicine: empowering general practitioners for early skin cancer prevention — *Vacaru, Ceausu, Dumitra, Roxana, Dumitra, Silvia*
-
- WS 3.1** Creative health: finding space for creativity amidst an AI revolution — *Caulfield, Morris, Schweiger, Rey Seoane*
- WS 3.2** Fishing for facts with AI: practical tools for family doctors — *Baltazar, Abecasis, Onur, Tincu-Modran, Ruferová, Popescu, Magalhães, Humay Arman, John-Charles Robertson, Emin*
- WS 3.3** WONCA and EYFDM [organized workshop](#): Fishing for values to bridge knowledge gaps — *Stavdal, Gheorghe, Vella, Alonso Valencia, Susi, Reim*
- WS 3.4** Unlocking potential: the power of young family doctors as advocates — *Merilind, Rimm, Paat, Heinmets, Salumäe*
- WS 3.5** Escape the spread — tackling sexually transmitted infection in family medicine — *Ouahhoudi Ajouini, Nicolaita Colacel, Platania, Basri, Rusashvili, Cernat, Livadaru, Pereira*
-
- WS 4.1** Periods: the game. Everything you wanted to know and you didn't dare to ask — *Alonso Valencia, Alvarez Paniagua, Sala Ivars, Rey Seoane, De Ataíde Santana*
- WS 4.2** Learning to Become a WONCA Five-Star Doctor Through Gamification — *Humay Arman, Agirbas, Arman, Onur, Bilik Sezer, Magalhaes, Guledani, Dikmen, Buyukdag Nam*
- WS 4.3** Putting yourself in the patient's shoes — *Prett, Velgan*
- WS 4.4** The pink tax and menstrual injustice — *John-Charles Robertson, Dobbin, Ruferova*
-
- WS 5.1** Doctors in social media — from misinformation to meaningful messages — *Vanaveski, Pind, Ruus, Tiidenberg, Davidjants*
- WS 5.2** Caring for the carers: recognising and addressing informal caregiver burden — *Ruferová, Alonso-Valencia, Guledani, Kerhartová, Sala Ivars, Sá Ruivo, Mohamed, Ouahhoudi Ajouini, Gokdemir*
- WS 5.3** Pharmacogenetics: A Hands-On Guide for Family Doctors. Dr D. phil. Michael Morris, Group Head of Genetics, SYNLAB. SYNLAB [sponsored workshop](#)
- WS 5.4** Fighting resistance: How family doctors can reduce the impact of antimicrobial resistance in their community — *Wolf Travassos de Carvalho, Andreea Popescu, Guledani, Rusashvili, Orbu, Nicolaita Colacel*
- WS 5.5** Navigating the sea of advocacy: from grassroots ideas to systemic change — *Körgmaa*

Oral presentations

OP 1
8-minute
presentations

- OP 1.1: Telephone-based triage in primary care: a comparative study of nurses' and physicians' roles in after-hours care coordination
- OP 1.2: The Territorial Assistance Unit (NAT): a new organizational model to address the shortage of family doctors in Reggio Emilia
- OP 1.3: The Unified Centre for Non-Urgent Care: improving appropriateness and patient flow in Community Urgent Care Centres (CAU)
- OP 1.4: Can de-budgeting save primary care physicians in Germany? A policy turning point for general practice
- OP 1.5: Undercover simulation in GP residency training: a qualitative study in medical education
- OP 1.6: A Teacher's Commitment — Teaching Means Learning; From Module Development to Implementation Supported by Evaluation

Oral presentations

OP 2 5-minute presentations

- OP 2.1: Sexual Dysfunction in a Young Adult: An Atypical Manifestation of Familial Amyloid Polyneuropathy — Case Report
- OP 2.2: Pediatric Trigger Thumb: A Case Report
- OP 2.3: Age is no barrier: syphilis, an overlooked rise
- OP 2.4: Role of dermatoscopy in primary care: early detection of melanoma during a routine consultation.
- OP 2.5: Who sees first ? Recognition of retinoblastoma in Latvian children during the last decade
- OP 2.6: Influence of lifestyle factors on ulcer healing following antibiotic therapy for *Helicobacter pylori* infection
- OP 2.7: The impact of vitamin A supplementation on the mitigation of measles-related complications

OP 3 8-minute presentations

- OP 3.1: Efficacy and safety of intermittent fasting in patients with type 2 diabetes mellitus – A systematic review
- OP 3.2: Keeping it sweet: catching the lows before they strike
- OP 3.3: The sudden drop : Unmasking the real villain behind the blackout
- OP 3.4: Building a primary care—oriented clinical program: lessons from a junior family doctor's perspective
- OP 3.5: Intimate hygiene habits: what are the facts?
- OP 3.6: HIV-testing in primary and specialist care in 2018—2020 based on national health insurance data

OP 4.1 5-minute presentations

- OP 4.1.1: Readiness and motivation of Latvian family doctors for digitalization of practices to promote the well-being of primary health care
- OP 4.1.2: Integrating ChatGPT into family medicine: a comparison between the United States and Europe
- OP 4.1.3: The Race Against the Clock: Primary Care's Code Red for Anaphylaxis
- OP 4.1.4: The Unmasking: How Steroids Brewed a Diabetic Storm
- OP 4.1.5: Artificial intelligence devices in diabetes mellitus management: a review
- OP 4.1.6: Trust, fear, and experience: decoding influenza vaccine hesitancy in Romania
- OP 4.1.7: Bridging the gaps in perimenopausal care: advocating for women's voices in Latvian primary healthcare

OP 4.2 8-minute presentations

- OP 4.2.1: Skills and Experience of Estonian Family Doctors in Managing Patients with Depression
- OP 4.2.2: Postpartum depression
- OP 4.2.3: Multidimensional complexities of chronic tick borne diseases in family practice
- OP 4.2.4: Management of adult insomnia in primary care: a retrospective study based on six general practice patient lists
- OP 4.2.5: Comparing outcomes of amoxicillin, amoxicillin-clavulanate, and no antibiotics in adults with acute rhinosinusitis and comorbidities – A retrospective cohort

OP 5 15-minute presentations

- OP 5.1: Health perspectives of the ngöbe indigenous community in Costa Rica
- OP 5.2: Addressing existential distress in palliative care: developing a team-based approach for early recognition and management
- OP 5.3: Integrating palliative home care into emergency services pathways: an innovative model for dignified end-of-life care
- OP 5.4: Grab the wheel or step in the spiderweb — determine your course; Two easy tools for an important conversation.
